

THE POWER OF LOYALTY

UPGRADE YOUR ROTOR POWER METER

Rotor 2inpower

Customer loyalty is something ROTOR and Velotech greatly value, so we are happy to be able to offer customers who own a Power or PowerLT power meter a loyalty upgrade to the latest INpower and 2INpower power meter.

An upgrade will allow customers to reap the rewards of the latest features of the INpower and 2INpower power meters. With up to 250 hours of riding time, Ant+™ or Bluetooth® Smart (2INpower) connectivity, the excellent free user software and ROTOR's proprietary metrics to help optimize pedal stroke, an upgrade will offer the customer all the tools they need to take their riding to the next level.

The Upgrades

Customers can trade in their Power and PowerLT and save up to £500 on a new INpower or 2INpower power meter.

The following options are available:

Trade in your Power for a 2INpower and pay just £800.00
(Save £500 on RRP)

Trade in your Power LT for a 2INpower and pay just £950.00
(Save £350 on RRP)

Trade in your Power LT for a INpower and pay just £410.00
(Save £350 on RRP)

How to Upgrade?

When a customer expresses an interest in upgrading, please contact the Velotech Customer Services Team. The Velotech Team will issue you with a returns number for the old Power/PowerLT unit and once it has been received, the new INpower/2INpower unit will be immediately dispatched to you.
